Highlights

Road dispute

Minden council has made an offer to pave the roads in Highland Gate Estates, but the residents are not prepared to accept what has been offered. Please see page 3.

Flood plain

Snowdon Township is being forced to consider flood plain designations, and, like other townships, is beginning to fight. Please see page 6.

New Councillors

Minden had a new reeve and council last Thursday as a group of students from Archie Stouffer Elementary School filled in as part of Local Government Week. Please see page 14.

Caterpillars

There's little doubt that the forest tent caterpillars will be back in the Highlands this summer and some cottagers associations are planning to spray the unwelcome visitors. Please see page 8.

Hockey

Hockey season has come to a close for another year and the ice is gone from the arena. However, the 1988-89 season is one that will be remembered for some time by the coach and players of the Novice A Monarchs. Please see page 11.

Bill Davis relays AMO objections

by Jay Kerr-Wilson

The Association of Municipalities of Ontario is in an "Ugly mood" about the recent cutbacks in provincial transfer payments to municipalities, according to the Deputy-Reeve of Dysart et al.

Bill Davis attended an emergency meeting of the association held in Toronto on March 30 and described the mood of the 800 participants as, "pretty rowdy." He gave a report of the meeting to Dysart council last week and said it was the first emergency meeting called by the association in 90 years.

The association is upset at the freeze on increases to unconditional grants and road subsidies paid to local governments by the province. Davis said the association is accusing David Peterson's government of having a hidden agenda and pursuing provincial priorities at the cost of municipal tax payers.

The association feels that transfer payments should

be increased to at least cover the rate of inflation, currently sitting at about five per cent. In past years, Davis said municipalities submitted "shopping lists" of requests for provincial funding and the Ontario government would consider these lists when allocating grants. This year local governments were not given an opportunity to submit their shopping lists and Davis said the feeling is, that the partnership between the province and local governments is drifting apart.

During the course of the emergency meeting the association drafted a list of recommendations it felt would help address the problem. Among them was a proposal that the association's executive meet with Minister of Municipal Affairs John Eakins, Premier David Peterson and provincial Treasurer Bob Nixon in order to try and work out a "more favourable partnership."

In response to the association's request for munic-

ipal support, Dysart council unanimously passed a resolution strongly objecting to the undue burden being

placed on municipal tax payers by the province's fiscal restraint.

Haliburton County was

also represented at the meeting by County Warden Keith Tallman and Cardiff councillor Mack Peters.

Dianne Garbutt will be playing in the North Hastings Music Festival's "Festival of the Stars" this Thursday. She recently won top honours in competition at the festival.

Garbutt tops at festival

After getting a five-star critique from the judges at last week's North Hastings Music Festival, Minden pianist Dianne Garbutt has been asked to return this Thursday to take part in the Festival of the Stars.

"Here we have a young lady the community should be proud of," is how the judges described Garbutt and her musical talent last Wednesday. "You have given us a musical treat at this festival," they said in their written and oral critique.

Another audience will be treated to the sound of Garbutt's piano this Thursday when she returns to North Hasting High School in Bancroft to participate in the Festival of the Stars, which is a follow-up to the music festival and features the top performers from the competition.

This was the seventh time for the dedicated music student to compete at the festival and these were also her best results. Playing Romanian Folk Dances by Bella Bartok, she earned a mark of 91 to take first place. She won another

first place by performing a duet with her piano teacher Melissa Stephens. And she took a second place in another category, finishing just one mark from first with a mark of 86.

Garbutt, who plans to pursue studies in music after high school, will be taking her Grade 10 piano exams in December. She says the festival was a good opportunity to practice playing in front of an audience without the sheet music. This is a required part of the exam and the more practice she has at it, the better she will be when December arrives.

In addition to the piano, Garbutt plays baritone, trumpet, flute saxophone and trombone. She has also done some composing and is a member of the school band, where she plays the trombone.

The judges describe her as a "very musical girl with a fine technique." Minden audiences have much to look forward to as that technique becomes yet more refined.

Access limited at Snowdon dumps

Snowdon Township residents will soon have to choose their times for making a trip to the dump. Council is planning to put up gates at the two dumps and limit the access to three days a week.

This move is made necessary by the number of fires that have been set at the dumps in the last two years, Councillor Jack Hills said at last Monday's meeting. Not only is it costing a lot of money to have these fires brought under control, but the Ministry of Environment is threatening to close the dumps altogether unless the township restricts access.

Hills, who chairs Snowdon's environment committee, said the details of this are still to be ironed out. The dumps, one located on County Road 1 and the

other on the Irondale Road, will be open on the weekends and at least one weekday, said Hills. However, he said he is not sure what hours they will be open.

In addition to the fencing and gates, the township will have an employee at the dumps during the open hours. This is the only solution, to all the fires, Hills said.

It cost the municipality \$3,500 last year to have the fires put out at one of the dumps although signs were posted warning people of the dangers of setting fires.

Hills said they are being started by people who think they are doing the township a favour. However, they are creating a serious danger, especially during the the past two dry sum-

I thought April Fool's day was over
But surprise! Surprise!
What was that opened my eyes?
Snow and more snow gave ground cover.
Perhaps I'll look out again
Tomorrow when, what's that? Rain.
Our weather is changing a lot
But we'll take it with a thought.
Summer is coming, it really is
In all the heat this snow we'll not miss.

Mr. and Mrs. Mervin Johnston, Mr. and Mrs. Brad McKnight and Cecil Graham have returned home after 3-week tour in various parts of Florida and S. Carolina.

Recently Karen Leaman and friend Rick of Newmarket visited me; she is my granddaughter.

I ran into Clare Harrison and Marg Lonsberry of Peterborough one day last week. They both looked great and Clare had enjoyed her time in Florida.

At the Tuesday Luncheon Euchre games at the Legion on April 11 winners were lone hands - Hilda Rush and Florence Schlosser, Lil Martin and Nelda Yakely, with door prize going to Bea Hisson. Next games there are April 25 and book in at 286-2733 or 286-2872.

Birthdays are those of Rocky McElwain on April 10th, Tessa Davis on 21st, Dora Dawson on 23rd, Bob Vick on 22nd and Don McElwain on 23rd, Gordon

Ruttle on 12th with good wishes to all.

Paul and Eileen Cockburn of Woodville had a visit with Florence Robinson and told her of the arrival of the latter's great niece, Natalie Grace and daughter of Mr. and Mrs. Wayne Cockburn.

Minden Legion had their first weekly Euchre games on April 6th with 10 tables of players. Lone hand winners were Joyce Hewitt and Jack Chilton, others being Helen Windsor, Eleanor Kleinschmidt, Murray MacKinnon and John James. Next games there will be Thursday, April 20th at 7:30.

Miss Linda Voycey of Calgary, who was visiting with her parents Grace and Ern Voycey visited on Sunday with her aunt Florence Robinson.

Pearl and Arnold Cowen spent last weekend visiting with his parents Mr. and Mrs. Norman Cowen at Ottawa, and also his sisters. Special dinner was on Saturday evening on the occasion of the Sr. Mrs. Cowen's birthday.

Mrs. Wilhelm enjoyed a great visit with her family last weekend in Toronto.

The Gelert Centre Euchres on April 11 had as winners, lone hands - Bob Vick, and Dorothy McElwain, Dorothy Milburn, Gordon Kellett and Mervin Gilbert with next games there April 25th.

Congratulations to Gladys and Gerald Silver on their 40th wedding anniversary where they celebrated at a dance at Galway Hall with buffet following.

Bud and Grace Dart of Oshawa attended the Glen Dart Tournament and visited with relatives in Haliburton and Gelert.

Dorothy McElwain was away last week spending a few days with her family at Ajax.

Sincere sympathy goes to the family and friends of the late Sharon Wright (Reimer) whose funeral was late last week.

All good wishes to these people who are on the sick

list, Marjorie Robertson, Bessie Burk, Marion Ingram and May Spence.

Betty and Bill Milford are home after some time spent at New Orleans and Florida.

Plans are being made to start weekly Seniors Line Dancing in Minden. Anyone interested call 286-1559 or 286-1538.

All ladies are welcome to the Minden Women's Institute meeting at the Library Cultural Centre April 19th at 2. Also keep in mind their bus trip on June 8 to Kingston and a boat cruise, call 286-1648.

The library committee will meet in the Minden Library on Wednesday,

April 19 at 7:30 p.m.

A surprise birthday party was held recently for Gord Martin and Ken Hone of Halls Lake at the home of Dorothy and Ron Robinson. Birthday wishes to both on April 13.

Winners at Club 35 Monday euchre games included, for most lone hands - Shirley Bunker, high lady - Mary Stevenson (showing Alex how to do it) and Bill Evans as high man. The door prize went to Eleanor Bunker and others were Sharon Evans, Cliff Woolner and Olive Daniels.

Written after listening to a prominent scientist give a dissertation on television on the subject of Robots.

Looking to the Future

Ah yes, I do exist
I am!
I am a robot with senses
programmed to do all
matter of things.
I look to the skies
Wherein my future lies
Infinity!
There is nothing that cannot
be
For me!
Cloudless skies all azure
blue
Which will appear to me
and to you.
I am a robot
But my existence means so
many things
Human mortals cannot
imagine!
But can only dream their
mortal dreams
But because I am a robot
Not of this world,
I know!

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally.

They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off the list.

It's as easy as that. Have fun!

Minden offers to pave Highland Gate roads

by Jay Kerr-Wilson

Minden council has offered to cover the roads in Highland Gate Estates with tar and gravel but residents in the subdivision are not enthusiastic about the proposal.

"We feel let down," subdivision spokesman Doug Campbell told The Times on Friday. Campbell met with other members of the subdivision's road committee on Thursday night after being informed of council's decision. The Highland Gate residents feel that the township is bound by a 1982 bylaw to pave the roads with hot-mix asphalt.

Council decided on the offer during a closed session on Thursday afternoon. They announced that they would cover the roads in the subdivision with a tar and gravel surface treatment known as low-cost bituminous, similar to the surface of Prince Street. The township will also install asphalt gutters on the hill leading to Deep Bay Road to handle run-off. The estimated cost of the proposal is \$25,000.

If residents of the subdivision want the roads paved with hot-mix asphalt, council has said it will contribute the \$25,000 and the subdivision will have to come up with the difference, which could be another \$25,000.

But Campbell says he can identify several problems with the township's offer. He says the intent of the 1982 bylaw, which was an agreement between developer Roy Windover and the council of the day headed by Reeve Lloyd Walker, was that the township would pave the road with "hard-top" in exchange for the developer conveying one of the lots to the township.

According to the agreement, the money the township earned from the sale of the lot would go toward the cost of paving Highland Gate.

The lot was conveyed to Anson, Hindon and Minden but wasn't sold until 1987 at a price of \$10,000. Campbell says that after the \$500 in legal fees that would leave \$9,500 for the paving. Campbell says that if the money had been invested at 10 per cent interest it should have accumulated to \$11,500 by now.

Residents group feels 'let down' by council's offer. They believe they are entitled to asphalt paving.

Campbell says that if the township had sold the land in 1982 when they acquired it the money from the sale would have been enough to cover the cost of paving the subdivision with hot-mix asphalt and there would be no need to spend tax payers' money now.

At a meeting between representatives of Highland Gate, Minden council and the Ministry of Transportation two weeks ago ministry spokesmen said that Highland Gate Estates was considered an urban subdivision but that the ministry would subsidize maintenance of the roads if they were brought up to at least suburban standards.

Urban standards require hot-mix asphalt, storm sewers and curbing while suburban standards require only that the road be covered in tar and gravel.

Residents of the subdivision aren't interested in the curbs or storm sewers according to Campbell but they are concerned that they get the hot-mix asphalt they feel they've been promised. He says that tar and gravel is a surface treatment and would not meet the criteria of hard-top paving specified in the 1982 by-law.

A dangerous spin-off of council's decision, says Campbell, is that they have set the precedent for future urban subdivisions in the township. "How can they justify asking developers to provide hot-mix asphalt roads, curbs

and storm sewers when they are only putting a low-cost bituminous surface treatment on Highland Gate roads?" He says he's afraid that the Ministry norm of asphalt roads in urban subdivisions will never be attained.

In terms of maintenance, Campbell says the suburban roads will end up costing the township more money than the durable asphalt roads would.

Campbell says that by providing the tar and gravel the township is trying to have it's cake and eat it too. Because urban lots are smaller than suburban lots, there are two more houses for every 300 feet of road. Campbell says that while the township is collecting taxes from the extra properties they are only providing a suburban standard road.

The resident's committee is "keeping their options open" in considering a response to the township's proposal. Campbell is meeting with the lawyer who represents the subdivision on Thursday to discuss possible legal action against the township. At the meeting with the township two weeks ago, the Highland Gate representatives said the residents were not willing to accept anything less than asphalt paved roads and were willing to sue the municipality.

A copy of the 1982 agreement is included with the deed whenever a lot in the subdivision is sold and Campbell says he, and many of the residents bought the lots with the understanding that the road would be paved by the township.

Campbell says he is not trying to be too critical of the present municipal councillors. He acknowledges the fact that, unlike the previous two councils, they did not create the problem and have made an effort to address it.

When the residents of Highland Gate met with the last council, then Reeve Sinc Nesbitt told them he considered the subdivision roads to be privately owned and that the 1982 bylaw "was not worth the paper it's written on."

The final decision on what action the subdivision will take will be made by the 19 homeowners currently living in Highland Gate Estates after Campbell reports on his discussion with the lawyer.

What bugs ya?

The idea of millions of caterpillars crawling across the Highlands landscape is not a pleasant thought, we are sure everyone will agree. But it's a fact of life that the little critters will likely make a return visit this summer and we'll have to put up with their annoying habits for another brief spell.

It's not surprising to hear that some home and cottage associations are hoping to launch aerial spray programs to combat the infestation of tent caterpillars this year. However, we urge these groups to consider the possibility that they are overreacting to the situation that, for the most part, is really no more than a serious, temporary nuisance.

Already we hear of conflicts arising among neighbours over one property owners' association's plans to spray and this is just the beginning.

The Kushog Lake association hopes to implement a spray program using the biological insecticide Bt (*Bacillus thuringiensis*) over the property of participating landowners in that area. They have legitimate concerns about the health of the trees and the effect of the forest damage to the value of their properties.

The Martin family, which owns more than 500 acres of land in that area, has concerns about the potential damage to the environment from the spray. These concerns are every bit as legitimate as those of the association.

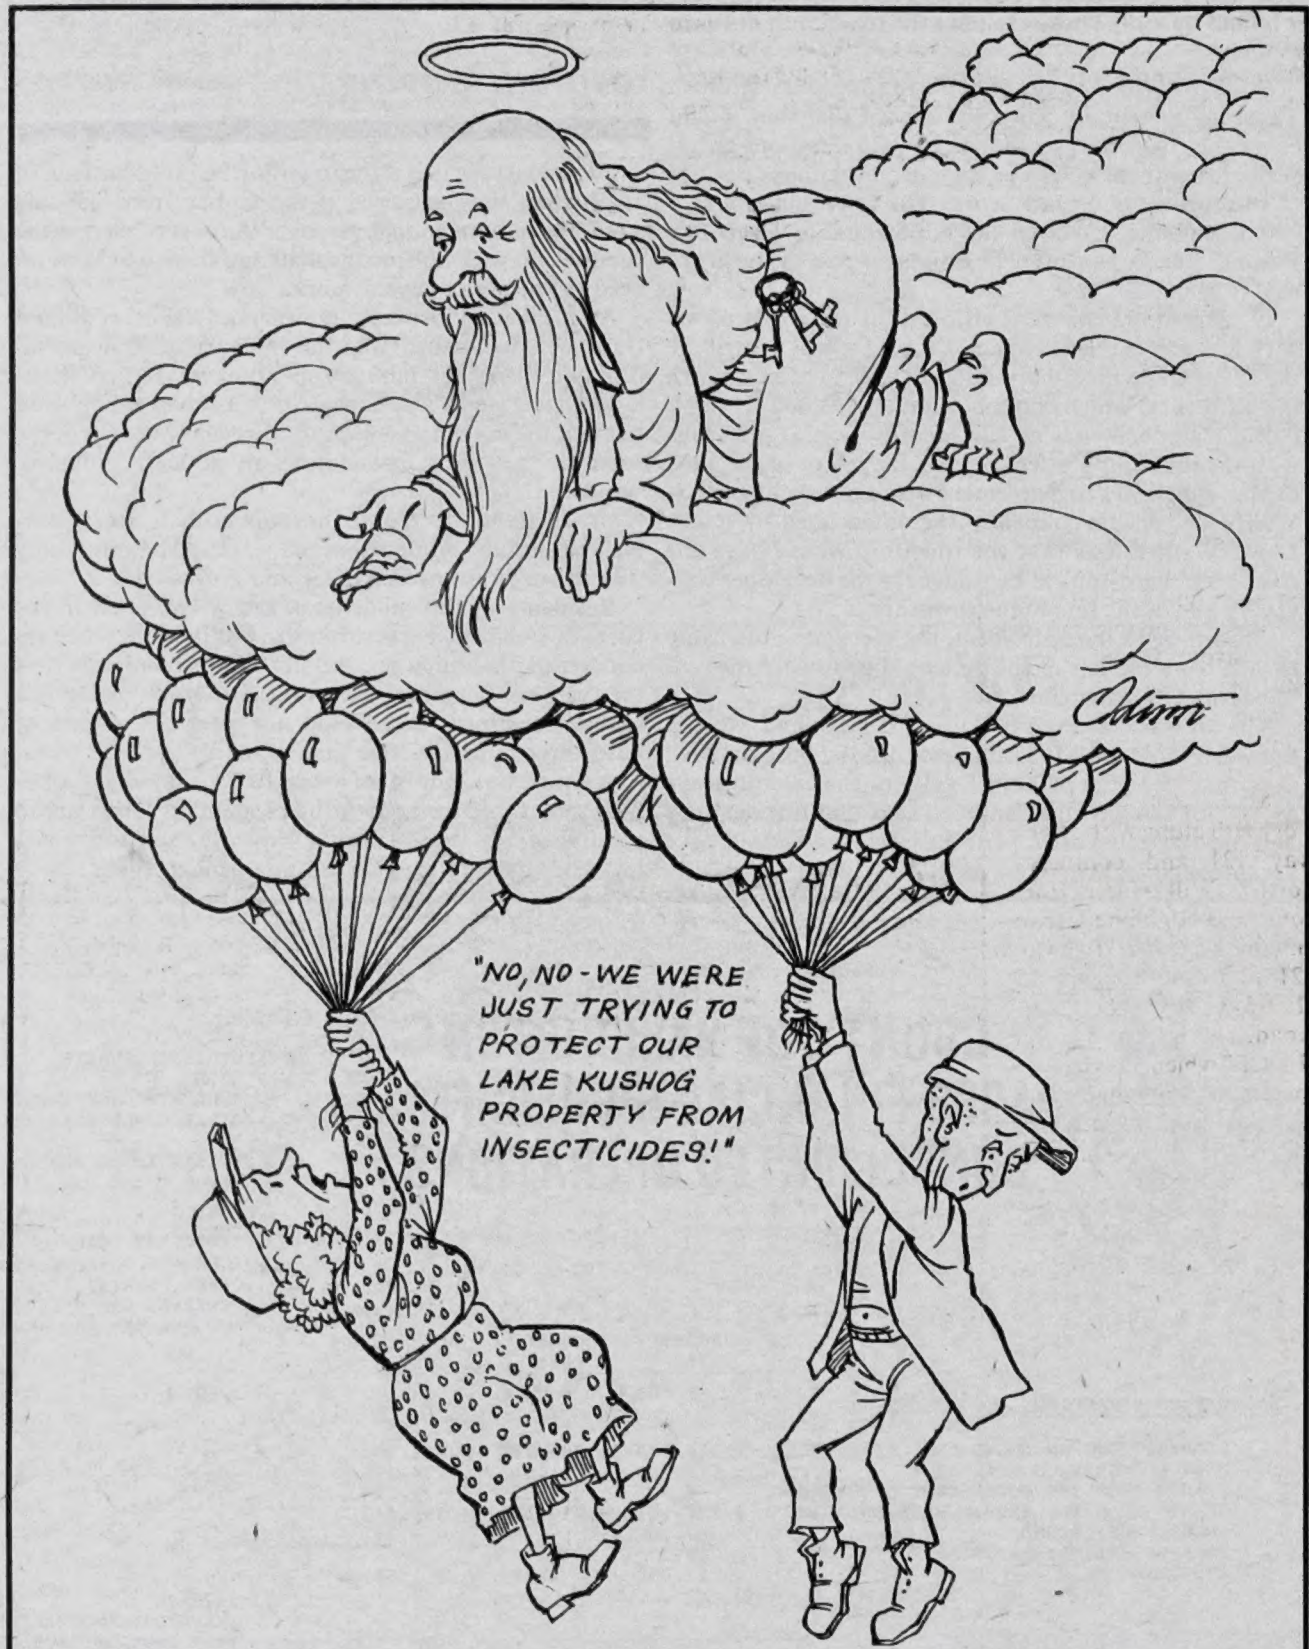

Both the association and the Martins are striving to reach the same ends—the protection of their property. However, what the association sees as the cure, the Martins view as the ailment.

The spray the association has chosen is said to have no adverse effects on the environment while succeeding in killing the caterpillars that ingest it. Although Bt has been in use for more than 20 years, there are those who doubt this substance is truly environmentally friendly. We don't believe it is worth even a slight risk to the environment in this situation since the gains will be miniscule in the grand scheme of things.

The Ministry of Natural Resources which has been closely monitoring the spread of these insects isn't offering any opinions on what course of action should be taken. However, we can learn from their actions that spraying is not the solution.

Last year the ministry did spray in certain areas of some provincial parks in an attempt to reduce the nuisance level of these voracious insects. This summer the ministry is not planning any spraying, which indicates to us that they don't feel this is the answer.

These infestations are a part of nature, and in the end, only nature will succeed in restoring the balance. In the mean time, there will be added stress on our forests and some of the weaker trees will die. However, the situation has not yet reached the point where extreme measures, such as a widespread spray program, are worth while.

Ever wonder what politicians think of us?

I imagine every Canadian citizen has opinions about politicians, but what about the other way around? What do politicians think of us?

Not much, I reckon.

How much respect was Prime Minister Trudeau showing at the end of his reign when he cynically tossed out corporate directorships and Senate hammocks to a rats nest of Liberal bagmen, hacks and hangers-on, just before he slipped out the stage door?

How much respect does Ed Broadbent show for the intelligence of the average Canadian citizen when

black 'n white

by Arthur Black

he insists that, if elected the NDP would not be in any way beholden to the unions?

And then there's the Progressive Conservatives. The Tories must think Canadian citizens are just about

the dumbest yokels ever to wander under the circus tent flap.

It just stands to reason - if they had the slightest shred of respect for us they'd lie better.

This is the party that wooed the electorate with \$16 billion dollars worth of campaign promises. Four months after the ballots were counted, Michael Wilson, the man in charge of the piggy bank, said the government was 'reconsidering'.

opinion

The Times welcomes signed letters to the editor on subjects of interest to our readers. Short letters are most likely to be chosen for publication, but the use of any material is at the discretion of the editor. The editor reserves the right to edit letters to meet space requirements, for clarity or to avoid obscenity, libel or invasion of privacy.

Upon request, names may be withheld, but only very rarely and for compelling reasons. Letters published do not necessarily reflect the editorial policies or beliefs of this newspaper. All letters must bear the handwritten signature of the writer and include the address and phone number for verification purposes.

Where is Highland Grove?

Editor:

Some years ago it was asked "Where the H is Highland Grove"? We are still here but not for long. With the rumour of plans to re-route Highway 648 from the village of Harcourt north on Elephant Lake Road to Maynooth and connect to Highway 62 north, we will eventually disappear.

The village of Bancroft gains a great deal of business from over 200 households in this area. Churches and schools will also lose as people no longer are close to a highway. Property values will drop and Cardiff township will no longer be able to receive taxes to maintain the area as people move. Haliburton County and Hastings County will have another DEAD area to contend with.

The present route for Highway 648 begins at Tory Hill along with Highway 121 and continues north to Wilberforce, Harcourt and Highland Grove and south again to Highway 121 and South again to Highway 28 via the Dyno Road. This is known as the "LOOP" which joins people together. The change in the highway will cut off this part of the "LOOP".

To complain about a situation without offering

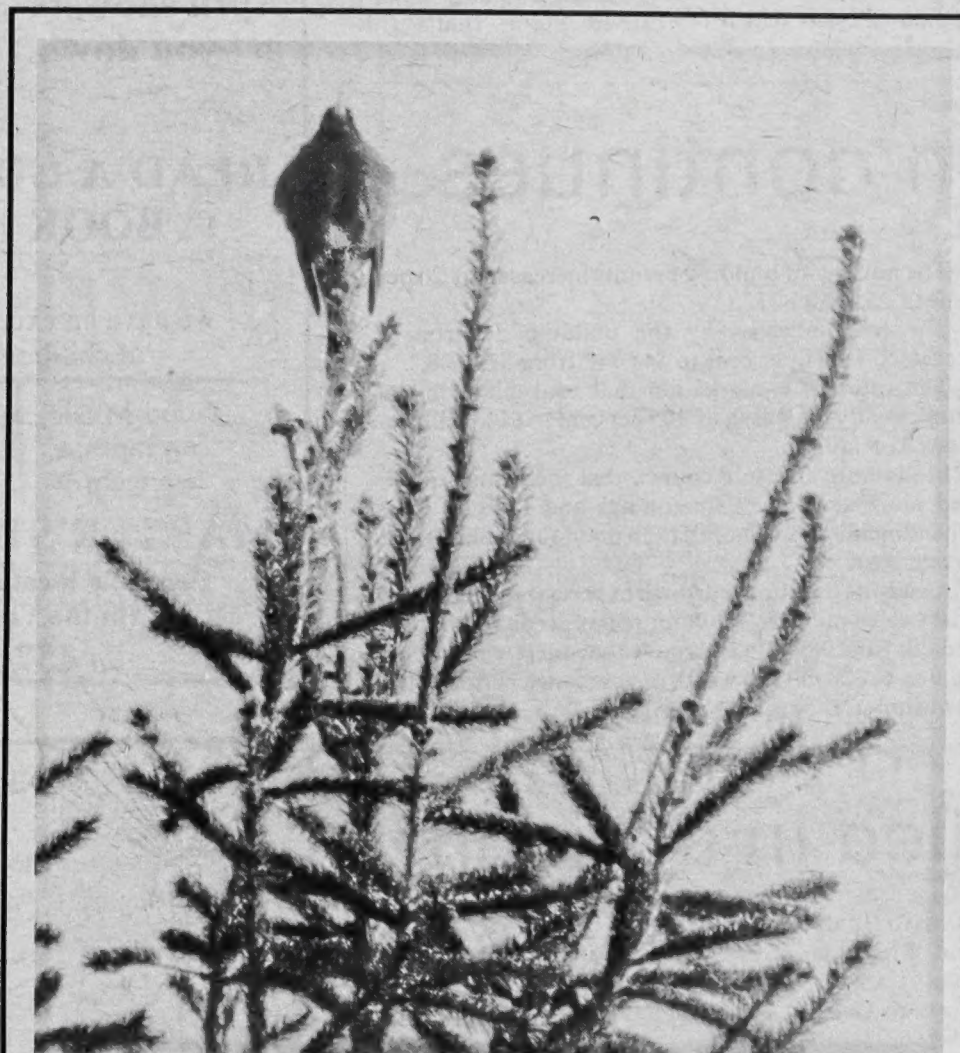

another solution is pointless, so let's look at the alternatives.

Highway 648 is in deplorable condition from north of Wilberforce to just north of Highland

Grove. This needs to be updated to Highway standards. Now for rerouting the possibilities are there to just continue 468 to Birds Creek via the south Baptist Lake Road and connect

with 62 north. This will give access to a good Highway to Algonquin Park and also service the taxpayers of two counties, Hali-

(more on page 18)

Crooning.

'Intolerant' of snowmobilers

Editor:

Re: your editorial of April 3 "Do we want them?"

The question is not "do we want them?" The question is why are some of

these riders allowed to break all the driving rules in the name of tourism? Why do we not have a speed limit at least when these riders are off the trail?

We "intolerant residents"

as you refer to us, like to check our fishing lines without being run over. We "intolerant residents" like to drive out of our own lane without having a rider coming at us out of nowhere. I can go on...

Our OPP office would like to hear from everyone who had a close call with these riders, then maybe our minority may not be so minor after all...

M. Boyd,
Minden, Ont.

World's longest landfill site

Editor:

I'm writing to you to complain about the people who trash our highways. I've picked up enough trash so far this year the township should have me on payroll. I've gathered up bags from MacDonald's, now we all know that trash had to travel at least 40 miles to get to our area. Then there's the green garbage bags in the middle of nowhere that I've personally picked up and taken to the dump, because some other lazy son of a gun couldn't be bothered. Most of my travelling is done on "scenic highway 35" and I must admit I've seen more scenic places in my time. Between the pop cans, beer bottles, liquor empties you might find a picturesque point. Obviously trash is not the only

problem on our highways. (i.e.: beer and liquor empties).

With the onslaught of the almighty tourist which our area relies on so heavily I hope they become more responsible. I'm sure if we went down their city streets and dumped our weekend's worth on their doorsteps, they'd be on the phone to the police so fast our heads would spin.

Most of us have moved up here for good, clean, country living not to live alongside the world's longest waste disposal site. Please come up and enjoy our country but also save your liquor and your trash for the proper places.

Wishing everyone a safe and happy summer.

Good coverage

Editor:

The coverage of the Haliburton County Snowmobile Association presentation to business and local government at the Pine Stone Inn on March 31 was accurate and informative. More importantly it reflected the serious need for both business and government to respond to the H.C.S.A.'s proposed "Corridor Loop" trail improvement plan. Your Editorial entitled "Do we want them?" addressed the problem and answer better than any two-hour presentation could have possibly done!

The Minden Times continues to understand what is important for Haliburton

County residents today, and what is important for the future of Haliburton County, namely TOURISM.

It is very clear that your staff have their fingers on the "pulse" of Haliburton County and as a result Times readers can find informed and objective viewpoints about their community by reading your paper.

On behalf of the 2,575 members of the World's Largest Snowmobile Club I want to offer the Minden Times a "tip of the helmet" and a hearty Thank-you!

Mark Lester,
Vice President,
H.C.S.A.

Still looking for the Highland Games site

Editor:

As a Canadian originally from Scotland and a skeptic from way back, I was bitterly disappointed but not surprised when the proposed Highland Games went to Haliburton and not Minden.

Being also a typical, apathetic Canadian, I moaned a little in private, but did

not take the time or make the effort to voice my displeasure.

To cut a long story short, I received my Scottish newspaper from Toronto, The Scottish Banner, the other day and was pleased to see an ad for the Highland Games in that publication.

I turned a few pages and glanced at the Coming Events section in which it

tells where, when and which Highlands games are being held in Ontario. Imagine my surprise when I looked at June 24 and read "Hunts-

ville Highland Games, At Haliburton Village, Minden, Ont."

"What a mixup!" was my first thought. Then I

started to laugh (having a rather warped sense of humour anyway) and had visions of all these people from the south who are going to be wandering around Minden on June 24 searching in vain for Haliburton Village. Or, even funnier, those same people vainly searching for Minden somewhere in Huntsville! (Assuming, of course, they find Hunts-

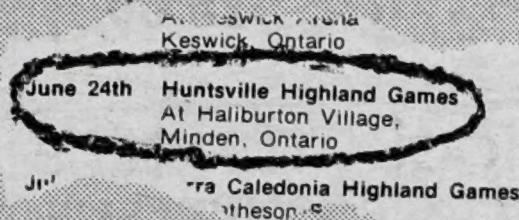

ville).

I just had to share this with you. I realise we all make mistakes, but this one did make me giggle.

Now, if the games had been awarded to Minden in the first place...

Good luck Haliburton, looks like you'll need it.

Susan Beers,
Minden

Snowdon Township digs in to fight ministry flood plain initiative

The customary controversy of flood plain mapping may soon be rearing its ugly head in Snowdon Township, and council is digging in its heels for a long battle.

Snowdon Township is in the process of updating its Comprehensive Zoning By-law and the Ministry of Natural Resources is asking that certain areas be designated with the Environ-

mental Protection zoning at the same time. However, councillor Jack Hills says council will not co-operate until the ministry agrees to do a site specific study like the one done in Minden.

"If they're going to do a study in Minden, they should pay the shot everywhere," said Deputy Reeve Dwain Wruth at last Monday's council meeting. He said the ministry is pro-

posing to base its mapping entirely on aerial photographs.

The Burnt River, which flows through the township, holds promise for future residential development. However, Hills said that flood plain zoning of the banks could halt the development before it has a chance to get started.

Council feels that if the ministry wants to flood

plain areas designated in the township, it should bring in engineers to take a close look at the property. They don't feel that enough can be learned from aerial photographs.

"If they did a specific study like the one for Minden, that would be one thing," said Hills. "But to go along and zone all of it flood plain, that's ridiculous."

Building boom continues

by Jay Kerr-Wilson

Anson, Hindon and Minden's Chief Building Official has submitted his building statistics report to the township council and recommended an increase in the fee charged for zoning compliance letters.

Brad Bradamore submitted the report at last Thursday's council meeting and told the councillors that in 1988 the township issued 346 zoning compliance letters and charged \$20 each. The letters generated revenue in the amount of \$6,920 and Bradamore said by increasing the fee to \$25 the same number of letters would generate \$8,650.

Bradamore's report confirmed that Minden experienced a substantial building boom during 1988.

Compared to 1987 Minden has significant increases in all building statistics:

—The number of building permits increased by 20 per cent to 253 from 212.

—The fees collected by the building department increased by 84 per cent to \$45,312 from \$24,608.

—The value of construction that took place in the municipality increased by 105 per cent to \$11.3 million from \$5.5 million.

Bradamore also told council that the township has had more severances, re-zonings and Official Plan amendments in one month than previous councils had in one year.

As well as outlining the growth experienced during the past twelve months, Bradamore has predicted similar growth for 1989. He estimates that there will be \$15 million to \$20 million worth of new construction in the township in the coming year.

Dorset man, 69, killed in accident

William Wyrozub, 69, of Dorset, was killed in a two-vehicle accident on County Road 8 in Sherbourne Township on April 12.

Wyrozub's 1984 Dodge station wagon was in collision with a van while rounding a curve in the road at about 6:30 p.m. He was

taken to Huntsville District and Memorial Hospital, then transferred to the Toronto General Hospital where he died the next morn-

ing.

Police say there will be no charges laid. Kari Aubin, 17, also of Dorset, was the driver of the van.

Stanhope firefighters in enviable state

The Stanhope Township Fire Department is in an enviable position regarding its capabilities for fighting forest fires, council learned at last Wednesday's meeting.

"Stanhope is not one of the municipalities I worry about because it has the capabilities," said Tom Russell, from the Ministry of Natural Resources' fire centre. He was addressing concerns about the ministry's recent cutback in firefighting personnel, which puts more onus on municipal fire crews in control of forest fires.

The Stanhope fire department is at the top of the list

in Haliburton County in terms of its capabilities for fighting forest fires, Russell said. As a result, he said the ministry's cutbacks will not affect Stanhope to the degree that they will in other townships.

Councillor Eleanor Harrison reported that the local firefighters are not happy with the ministry's position, but they are willing to make do at least for this summer and see what happens.

A long-standing agreement between the ministry and municipalities puts the onus for forest fire protection on the municipal

fire crews, said Russell. Under this agreement, the ministry reimburses the townships for half the cost of fighting forest fires on pri-

vate land and the entire cost of fighting fires on Crown land.

Staffing at the Haliburton Fire Centre has been cut

back by 40 per cent. In spite of this, there will be more equipment readily available at the centre as it becomes a regional centre,

Russell said. The amount of equipment that will be on hand at the centre in Haliburton Village will more than double.

Cottagers plan to wage war on crawling caterpillar infestation

The prospect of facing swarms of tent caterpillars again this summer has at least two Highlands cottagers associations investigating the possibility of launching an aerial spray program.

The Ministry of Natural Resources has received inquiries from the Kushog Lake Property Owners Association and the Clear Lake Cottagers Association so far this year. Both are looking at the possibility of aerial spraying this spring with the biological insecticide Bt (*Bacillus thuringiensis*), says Gary Clements, a forestry technician with the ministry in Minden.

Clements says the ministry understands the concern expressed by these associations. However, he said the ministry is neither encouraging nor discouraging such attempts to control these insects on private property. He said the ministry's role is to provide technical advice.

The ministry did a small amount of spraying for tent caterpillars in provincial parks last summer, said Clements. This year, though, none is planned. He said the foliage eaten by the swarms of caterpillars is regrown in about eight weeks and most of the trees will survive.

Aerial spray programs for Gypsy Moths in areas east of here will likely continue this spring, he added.

A letter from the Kushog Lake Property Owners Association has gone out to

'We all remember the horrible sight of thousands of tent caterpillars crawling over our rocks, grass and trees, munching on the leaves and hanging in clumps ...'

everyone who owns property around the lake. The letter encourages them to participate in the proposed spray program.

"We all remember the horrible sight of thousands of tent caterpillars crawling over our rocks, grass and trees, munching on the leaves and hanging in clumps which threatened to drop on our heads," the letter begins. "It felt like there was no escape from them—even sitting on a lawn chair at the far end of the dock was futile as their legions floated by or crawled up from the underside of the chair in their

unwelcome furriness."

The letter goes on to point out other ongoing stresses that forests have to contend with, like drought, acid rain and pollution. All of this impacts on the forests. "The once lush growth of Haliburton is looking tired and in some places, even sparse."

Not everyone agrees, though, that spraying is the answer. Stanhope Township Council received a letter from a Kushog Lake family last week responding to the association's proposal. Ken, Gord and Harry Martin, who own more than 500 acres of property in the area feel that caterpillars are a part of nature. "We have lived with this mild inconvenience over the past forty years in this area," they say in a letter to Stanhope Council. "For us, it lasts seven days a week for the total period of infestation. Yes, it is inconvenient, however, we are willing to put up with this as opposed to the abuse of our environment."

The Martins take particular exception to the association's suggestion that is the responsibility of property owners to clearly mark their land if they do not want it included in the spray program. "At our age (they are all over age 65) we do not feel that wandering around 500 acres of property to install marker balloons is an appropriate thing to do."

OPP Notebook

During the week of April 3 to 9, officers of the Minden OPP Detachment investigated 46 general occurrences and eight traffic accidents with two persons receiving minor injuries.

ACCIDENT

Carl Froude of Toronto was injured when his vehicle collided with a telephone pole shortly after 7 a.m. on April 6. The accident happened on Highway 121 west of Haliburton. Charges are pending.

FRAUD

Jennifer Pearson, 18, of Birch Narrows Road in Haliburton is charged with Transportation Fraud after failing to pay for a taxi ride on April 7. A Young Offender has also been charged and the two are scheduled to appear in Provincial Court in Minden in early June.

DRUGS

Ronnie Clement, 21, of RR2 Haliburton is charged with cultivation of cannabis, possession of a narcotic and failing to comply with an undertaking after a police investigation on April 6. Clement was released from custody at a bail hearing in Lindsay on April 7 when he was ordered to appear in Provincial Court in Minden on April 26.

IMPAIRED

Paul Kirby, 40, of Minden is charged with impaired driving, driving with a blood/alcohol level over the legal limit and other offences after a single-car accident on Highway 121 east of Highway 35 on April 9 at 2 a.m. Kirby was eastbound on Highway 121 rounding a curve when his car went across the westbound lane and into the ditch, striking a road sign on the way.

Dysart to up allowance price

by Jay Kerr-Wilson

Dysart Township Council is studying the possibility of raising the price residents pay to buy the portion of road allowance adjacent to their property.

Currently the township charges \$100 per foot for the 66-foot-wide strip running to the edge of the lake. The \$6,600 price tag is constant regardless of the depth of the portion being bought. If people wish to buy road allowances that do not access the lake, municipal planner Jodi Ainsworth said they generally get a reduction in the price.

Council agreed that the current price is too low but could not reach a consensus on how to determine the value of the allowances.

Councillor Glen Hodgson said the land should be priced according to the quality of the access. "You can't charge the same price for a sand beach as you would a bluff," said Hodgson. He said the diversity of Dysart's lakeshores made an average price impractical. He sug-

gested that the property committee make an assessment of the township's water accesses and make recommendations to council on which portions of road allowance should, or should not, be sold. "That's the proper way to do it," he said.

But Reeve Murray Fearrey said by assigning a different value to each individual access, council would be opening itself to criticism. "Forget about real value. The value is to the person who buys the land for privacy, more space and not having a public access next door," he said. Fearrey said he hoped that a significant raise in price might discourage people from buying the access and could also increase revenue to the township by as much as three times. He suggested that money from the land sales could be used to open and develop more desirable public access locations on the lakefronts.

Council decided that the property committee, comprised of councillors Brian Watts and John Parrish and Deputy-Reeve Bill Davis, should study the issue and report back to council with recommendations.

Snowdon youths attend meeting

Several Snowdon Township youths took the opportunity during Local Government Week to attend last Monday's municipal council meeting at the township office.

Although there was no special activities set out for this meeting, students and parents were encouraged

to attend the regular monthly meeting. Reeve George Simmons introduced his council and gave a brief

talk outlining the responsibilities of a municipal council.

The students then had

the chance to see how a council meeting is run. Afterwards, juice and donuts were served.

Card access is key to Dysart dumps

by Jay Kerr-Wilson

People wishing to dump garbage at Dysart land-fill sites may soon be required to show identification cards to avoid paying a fee.

Council discussed the new proposal, and problems with the township's three landfill sites in general, at the last meeting of council. If implemented, the plan would see colour-coded cards being distributed to Dysart ratepayers along with their 1989 tax bill. People attempting to dump garbage at the Haliburton Village, Harcourt or West Guilford sites without a card would be required to pay a fee. Although no fee was decided upon, the amount of three dollars was suggested.

Reeve Murray Fearrey said Dysart is one of the last townships in Haliburton to have have unrestricted landfill sites. The

village site is manned only during the summer months and the Harcourt site is open seven days a week, 24 hours a day. "Everyone is spoiled and we're paying the price for it," said Fearrey.

Full-time staffing of the West Guilford dump is especially crucial according to Fearrey, in light of the four fires set at the site since December. The reeve also complained that the sites are subject to dumping by people not living in the township.

There was some concern expressed by councillors about the cost of manning the three sites but Fearrey said that if all the sites aren't manned the card system would be useless.

Council also considered imposing a fee on commercial dumping. This would include contractors dumping waste materials at the completion of a job.

Cost to fix road too high says Snowden council

Snowdon Township will not be assuming the maintenance of Walkers Road, council concluded last Monday, because the cost up-grading it to ministry standards is formidable.

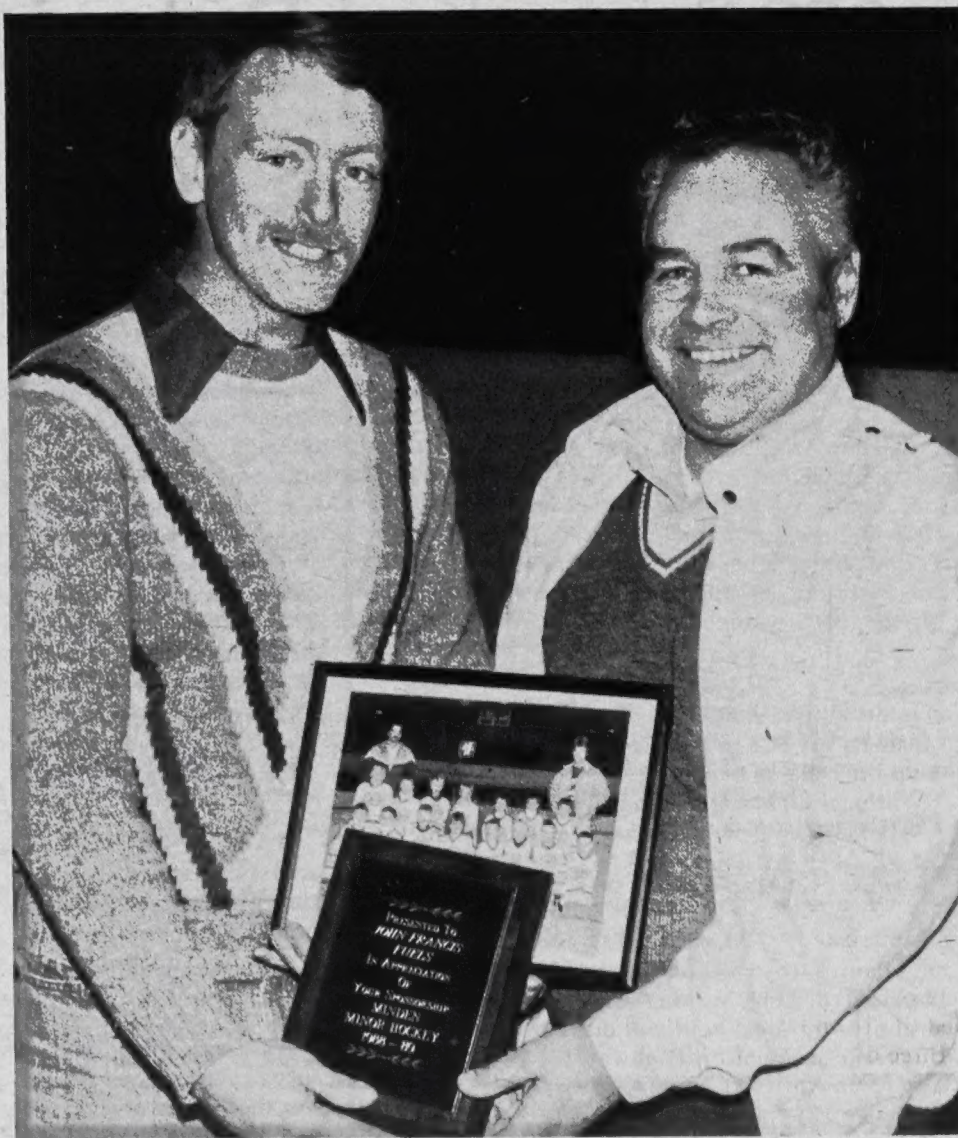

Roads Committee Chairman Al Jopling told council that the Ministry of Transportation

wants the road to be paved before it will be eligible for maintenance grants. He said that would cost the township tens of thousands of dollars.

There are 26 cottages and five permanent residences on Walkers Road, which runs off of Highway 503 east of Kinmount.

Although he had no estimates on how much it would cost to bring the road up to the ministry's

standards, Jopling gave Richie Falls Road as a comparison. One mile of that road is scheduled to be paved this summer at an estimated cost of \$20,000.

Sponsors play an important part in the success of minor hockey in Minden, and to thank him for his team's sponsor for his support this season, novice coach Ken Casey presented John Francis of John Francis Fuels with a plaque and a team picture. Francis supplied the team with a new set of sweaters at the start of the season, which helped the team look as good as they played.

TOWNSHIP OF SNOWDON PUBLIC MEETING CONCERNING A PROPOSED ZONING AMENDMENT

TAKE NOTICE that the Council of the Corporation of the Township of Snowdon will hold a public meeting on the 8th day of May, 1989, at 8:00 p.m. at the Township Office in Gelert to consider a proposed zoning amendment under Section 34 of the Planning Act, 1983.

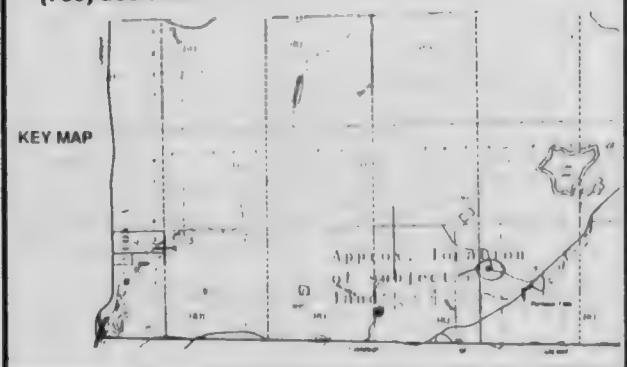

THE PROPOSED zoning amendment would change the zoning on about 6 acres of land owned by Mr. and Mrs. G. Spencer in part of Lot 16, Concession II (as shown on the Key Map below) to General Residential (R) to make the new lots comply with the Zoning By-Law.

ANY PERSON may attend the public meeting and/or make written or verbal representation either in support of or in opposition to the proposed zoning amendment.

ADDITIONAL INFORMATION relating to the proposed zoning amendment is available for inspection in the Township Office during regular business hours.

DATED at Gelert, Ontario this 5th day of April, 1989.

Mr. E. A. Hills, Clerk-Treasurer
Township of Snowdon,
R.R. 1,
MINDEN, Ontario
K0M 2K0
(705) 286-2657

Rewards of coaching are not monetary

(from page 11)

stiff competition, however their record including exhibition, league, tournaments and playoffs consisted of 32 wins, five losses and four ties. They brought home two tournament championships, two runners-up trophies and the league championship. Pretty impressive, I think.

When we started play four years ago many of these boys could barely skate. Through the past years, I have watched them turn into very competent players.

The payment of coaching is not monetary. It's having

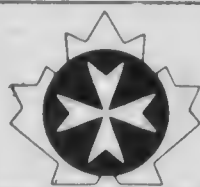

someone come up to you on the street and smile, saying "Hi coach". You tend to walk a little straighter, with a little more spring in your step. The exuberance of these boys tends to restore a little of your lost youth, and that coupled with their enthusiastic approach to the game brings hockey to what it's supposed to be -- "For the fun of it".

I know that I have learned a great deal from this team over the past years, and sincerely hope I have taught them a fraction of what they taught me.

I would like to thank Ken Casey for managing during three of our four

years. His assistance is always "above and beyond the call of duty". Thanks also to Paul Aggett who managed last year, and to Lisa Kerr for reporting our games. This requires more time than many people realise. Chris Todd has been a great help over the past years, and there are many others - friends and family of the team who have supported us. Special thanks to all the parents for their co-operation and help whenever they were asked.

The combined efforts of all the members of our hockey family have resulted in a great year. Thanks!

(from page 1)

mers. Hills said the smoke billowing across the road from these fires can also create a traffic hazard.

Ministry requirements for gates and fencing at dumps has always been in place, although it has not been strictly enforced until recently. Lutterworth, and Dysart Townships have both been instructed to fence their dumps and are taking actions similar to Snowdon.

"We've been warned," he Hills said last Monday. "We've had our last warning. If there's one more fire, we'll have to close them."

Over the next few weeks, Hills will be speaking with area residents to find out what hours and days would be most convenient for the dumps. He said he is also looking into the possibility of setting up some sort of recycling program in Snowdon and hopes to have the basics in place by the summer.

Minden residents Ron and Dorothy Robinson were among the volunteers honoured at last week's annual meeting of the Children's Aid Society. Ron and Dorothy, who have been volunteer drivers for the society for the past three years, had their efforts recognized by society president Al Rennie (middle). Rennie said volunteers like the Robinsons are the backbone of the society.

Arena roof forgotten, council buys new trucks

Minden's fire department will soon be getting a new truck, but it will come at the expense of not having the community centre roof repaired.

Councillors received requests for three major capital expenditures from municipal department heads at

last week's meeting but could only find the money to grant two of the requests.

Arena manager Brian Sisson asked council to finance repairs to the roof of the community centre that he estimated would cost \$70,000. He said if the necessary repairs were not car-

ried out the municipality would lose a \$17,000 provincial grant approved for the centre three years ago. He also said the auditorium was in danger of being shut down and that would mean lost revenue from renting the facility.

Road Superintendent

Clayton Cameron requested council's permission to begin pricing for a new truck for the Minden Roads Department. He told council he needed a truck with a two-way box that could plow and sand the roads during the winter and haul gravel during the summer. The cost of the truck would be \$120,000 according to Cameron.

Fire Chief Don Booth also came to the council meeting with hat in hand asking for money to purchase a new fire truck. He said the truck the department is using now is 18 years old and would serve as a good back-up for the new truck. He reminded council that the Ontario Fire Marshal's office recommended the purchase in a report four years ago. Booth said the truck would cost anywhere from \$86,000 to \$91,000 but that \$42,000 had already been set aside in a reserve fund for the purchase. With Minden providing fire protection to neighbouring municipalities with only one truck, Booth said it's possible that the

truck could be 25 miles out of town when a fire broke out in Minden.

Trying to kill two birds with one stone, Deputy-Reeve Grant Wilson asked if it was possible to buy a firetruck that could also plow and sand the roads.

In an attempt to sway council, Cameron said he had driven in the township's fire truck and that it was not in too bad of shape. He also said that without the proper equipment to maintain the roads, the fire department would not be able to reach fires and people would not be able to get to the arena and reasoned that his request should be given priority. Cameron added that because he had budgeted for the truck over two years, the purchase would not require a large increase in taxes and would only exceed his annual budget by \$5,000 a year for the next two years.

While the councillors deciding which request was the most deserving of municipal funds, Park's Manager Ivan Ingram decided it was

the right time to request new facilities for his department. He said he is presently working out of an unlit, unheated barn. However his request was clearly too little too late and the councillors did not give it much consideration.

"There's so many people on our backs to get new things," moaned Deputy-Reeve Grant Wilson.

Reeve Meaghan Obee read two letters from the township's auditor Watts Dagg. The first said that council did not have the money to fund all the requests. The second informed council that they had received a \$10,000 provincial grant. The grant could be used to fund roads, drug and alcohol education, pollution control, increased summer holidays for students or a municipal swimming pool.

The council finally decided to finance the purchase of the new fire truck with township funds and use the \$10,000 provincial grant to cover the cost of the road truck over and above the budget.

Minden Fire Chief Don Booth tries to convince the township councillors to approve the purchase of a new fire truck at last Thursday's meeting. Booth had to compete with Road Superintendent Clayton Cameron and Arena Manager Brian Sisson, who each had requests for capital expenditures.

Skate park okayed

Minden council has cleared the path for construction of a skateboard park in the village.

Two skateboard enthusiasts, Ted Pipe and Jarret Wright, appeared before Thursday's mock council meeting and presented their arguments in favour of the park's construction.

"Skateboarding is a recognized and growing sport however it is dangerous of us when we are using the same streets and sidewalks as motorists and pedestrians," said a letter to councillors that accompanied Pipe and Wright's presentation.

The two men presented council with a list of criteria necessary to make the park viable. They included: —A location close to town and preferably already owned by the municipality. Suggested sites included the arena grounds, beside the office of The Times and beside the Sandalwood Gift

shop.

—The area would have to be paved and fenced.

—Ramps could be built using pre-planned drawings.

It was also suggested that other areas with similar skateboard parks could be contacted to see how they have built their facilities and what problems they encountered. Pipe and Wright suggested that the money for the park could be raised by a co-operative effort involving local service clubs.

Council also heard a presentation from Minden resident Ms. L. Jones who is concerned about skateboarders using the sidewalk and supported the notion of a skateboard park.

Despite concerns about the cost of the project raised by Deputy-Reeve Grant Wilson and Councillor Max Weber, council decided unanimously to support the venture provided the money could be raised.

In recognition of Local Government Week, Anson, Hindon and Minden turned over the council table to a group of students from Archie Stouffer Elementary School. The students assumed the roles of Reeve, Deputy-Reeve, councillors, clerk and concerned citizens. They were then faced with a series of problems that might confront a township council on any given day. The supporting cast was made up of municipal employees who tried to give the mock council as many headaches as they give the real council.

In the spirit of this exercise The Times has made up a mock front page displaying the news stories that came out of the council just as we would cover decisions made by the real councillors.

We hope you enjoy this version of what the paper would look like if Meaghan Obee, Grant Wilson, Max Weber, Jennifer Oitment and Andrew Shapeott were really Minden council.

Bins should move council concludes

The recycling container at the Scotch Line landfill site will be moved closer to the superintendent's building to cut down on misuse by the public.

Minden council approved the move at the request of a delegation from Archie Stouffer Elementary School. Dawn Warburton attended Thursday's council meeting to relate to council some of the concerns she has about how the container is being used.

"It is our concern that the people in this town who are recycling have not been using the bin correctly. They have been putting their Javex bottles in the P.E.T. section, fine paper in the newspaper section and motor oil containers in the can section," read the letter that Warburton brought with her.

She recommended that the township ask Muskoka Containerized Services to move the bin closer to the small shelter used by the landfill site's superintendent so he could monitor its use. She also suggested that an education program be undertaken to teach the public how to properly use the bin.

The students at the school are willing to raise funds by holding bake sales and raffles to help pay for any costs incurred by the council if they choose to act on the recommendations, according to Warburton.

Councillor Jennifer Oitment said she is very supportive of the recycling program and had noticed the same problem of the bin being misused. Council unanimously agreed that Warburton's suggestions should be considered.

Airport construction is ready to fly

There will be no planes landing at the Stanhope airport this summer. The million-dollar upgrading is expected to begin this June and completion of the work is targeted for October.

"After many years of effort it looks as though it will be a reality in '89," Stanhope Township Reeve Harry Davis said last Wednesday. He was giving a

report on the progress of this project during the regular council meeting.

This spring the airport will open only long enough for the planes that are there to be moved out.

Depouty Reeve Ann Barker said the fact that this project is finally proceeding is a credit to the committee. She said the Airport Committee members have put in a lot of work and been

very patient over the years.

The project, which involves lengthening, paving and redirecting the runway is being funded jointly by the federal government, the province and the municipality. A grant of \$790,000 is being extended by the federal government, the province will pay \$190,000 and the municipality will pay about \$40,000.

Where is Highland Grove?

(from page 5)

burton and Hastings. It will also service the village of Baptiste and many taxpayers in Hershel Township.

The next alternative, from looking at our maps is to take Highway 507 from Lakefield to Gooderham and have it continue to Tory Hill, Wilberforce, Harcourt, Highland Grove, Birds Creek and link with 62 Highway. This would service more people, and making an alternate route for tourists coming to our area. This would also give a lesser number to our Highway making it more attractive to our travelling friends and tourists.

Patricia Furneaux,
Highland Grove.

'Development' leads to arrest

A Haliburton man has pleaded guilty to stealing more than \$1,000 worth of camera equipment while employed as a security guard at a local resort.

Douglas Edward Dupe, age 23, appeared in Provincial Court in Minden last Wednesday and admitted he stole an Olympus 35 mm camera and two lenses in October 1988 while working as a security guard at the PineStone Inn.

The court heard that Robert Richards, a guest at the resort, phoned to report that he had left the equipment in his room during a stay. The camera could not be found in the room but was later turned over to police. The film inside the camera was

developed and showed pictures of Dupe's two children. He was subsequently arrested and charged.

Dupe also pleaded guilty to an assault charge laid in connection with a domestic dispute that occurred on October 16, 1988.

The Crown said that on that day, Dupe became involved in an argument with his wife Terri-Lynn and struck her in the face, knocking her unconscious and giving her a black eye. Dupe then trapped his wife in the bedroom and unplugged the phone.

Provincial Court Judge G.F. Inrig ordered Dupe to re-appear in court on May 31 for sentencing following completion of a pre-sentence report.

Dorset Acid Rain Report

The following report on precipitation events was recorded at the Ministry of Environment acid rain testing station in Dorset and compiled by Environment Canada.

This report covers the period from April 2 - 6.

April 2 - 4 mm mixed rain and snow, 4.1 pH, from Indiana, Ohio, southern Michigan and southern Ontario.

April 3 - 3 mm rain, 4.4 pH, from Kentucky, Ohio, Pennsylvania and southern Ontario.

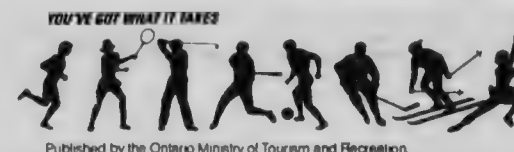

April 4 - 6 mm rain, 4.3 pH, from Pennsylvania, New York and southern Ontario.

April 6 - 4 mm mixed rain and snow, 3.9 pH, from north western Quebec and central Ontario.

Environmental damage

is usually observed in sensitive areas regularly receiving precipitation with

pH less than 4.7. Readings of 4.0 pH or less are considered dangerous. The lower the reading, the more acidic the precipitation.

Residents insist name remains

The name of Horseshoe Lake Road One will remain unchanged at the request of area residents.

Minden Council was considering changing the road's name to indicate the location of the White Water Reserve at the request of the Ontario Wild Water Affiliation, the organization that sponsors the White

Water Races held on the reserve.

Minden Road Superintendent Clayton Cameron investigated the possibility of changing the name and reported to council that the Ministry of Transportation would allow the road to be called, "Horseshoe Lake White Water Road."

But in discussing the name

change with people who reside on the road, Cameron found they were overwhelmingly opposed to the move. He also advised council that the residents were willing to take up a petition and appear as a delegation to council if the name change was approved.

Among the concerns related to Cameron by the res-

idents was the feeling that the White Water people do not care about the residents in the area and show a lack of respect for resident's property during the weekend of the races.

Council decided to abide by the wishes of the residents and retain the road's original name.

Council postpones vote on rezoning proposal

Snowdon Township Council is postponing its vote on a rezoning application on Canning Lake until councillors have a chance to make a site inspection.

"At this time, I'm opposed to it," Councillor Jack Hills said of Raymond Berry's application to rezone a parcel of property from rural to shoreline residential. How-

ever, he suggested that council postpone the vote until the May 8 meeting in order that they can view the property after the snow has melted.

Both the Ministry of Natural Resources and the Ministry of Environment in opposition to the rezoning because the shoreline in

that area is spawning area for fish. Some neighbours have also spoken out against the rezoning, which would allow Berry to sever his property.

"We know there's going to be a lot of opposition here," said Hills. "We have to know where we stand."

The Minden Times can be recycled.

Fishing contest winners

Judging by the winning catches in this first annual fishing contest sponsored by Minden Live Bait and Tackle, it was a very good winter out on the lakes. Herb Reimer of Minden (right) won first prize in the contest with his 32-inch lake trout. Joe Giles of Maple Lake (left) took second prize with his lake trout that measured 31½ inches. Dawn Alton of Minden took third prize with a 30½ inch lake trout. Jon Hill presented the prizes at his store, located beside the auction barn at the corner of Highways 35 and 121 last week.

Now is the time to save wetlands

Dateline: the year 2000.
Headline: Last Haliburton County Wetlands Filled, Wildlife Gone!

Development in Haliburton County is on the increase and filling of wetlands as land values increase, is becoming more economical all the time. Do we want to risk losing our wildlife? Is this the scenario we face by the year 2000?

Not if we follow the advice of this year's National Wildlife Week slogan: "HABITAT 2000 - ACTION TODAY FOR WILDLIFE IN THE YEAR 2000". National Wildlife

Week ran from April 9 to 15 this year.

Presented to elementary schools in the Natural Resources Ministry's Minden District this year by Conservation Officer Dave Ferguson, this message is designed to spark concern for the future of wildlife habitat. "Of greatest concern is the welfare of our wetland areas which are our most productive type of wildlife habitat" says Ferguson.

In emphasizing the importance of wetland habitats, Ferguson points out to the students that unlike humans, wildlife is

unable to simply move on to a new home if their home, wetland, is destroyed.

The problem for homeless wildlife is that adjacent wetland habitat is generally at its carrying capacity ... there is only enough food, water, shelter or space for the animals that are already there.

Ferguson says "the program is designed to leave the students with a positive attitude toward the wildlife habitat problem, and provide suggestions for a number of projects designed to enhance existing habitat or tackle the problem of saving a wetland area from needless development."

"The objective of the program is to increase the students' wildlife awareness by means of hands-on projects such as building nesting boxes and feeders, and planting trees and shrubs which will provide both food and shelter to wildlife."

Ferguson hopes area students will be seen creating wildlife habitat corners

in their school yards, or will be out studying wetlands over the next while, and will continue to carry their concern for wildlife forward into adult life.

National Wildlife Week 2000 is only eleven years away.

"THE GREEN REVOLUTION"

As you are well aware we are becoming very concerned about our environment and the causes and effect of what we do to it. Coming with our annual lawn and garden program we are going to be offering environmentally friendly lawn and garden products such as — Nature's Choice 6-3-5 10 kg lawn fertilizer — Nature's Choice Black Magic 25 lt soil — 15 kg sheep manure — an extensive line of "Safer's" insecticides.

Watch for the opening of our GARDEN CENTRES

Coming up in our summer "Insider Report" we have many "NEW" lines of consumer and environmentally friendly grocery products such as President's Choice "GREEN" - soda biscuits, oat bran, muesli, hi-fibre corn flakes, acid reduced coffee, cooking spray that does not harm the ozone layer, "just peanuts" peanut butter, Teddy's Choice "GREEN" diapers (dioxin free and bio-degradable), sanitary napkins, 100% phosphate free laundry detergents, bio-degradable washing soda, fabric conditioners, dishwashing liquid, drain opener, spray cleaner, coffee filters, motor oil, bathroom tissue, pet foods with no preservatives and other equally friendly products.

We hope that all of these new products will assist you and your environment to attain a better way of life.

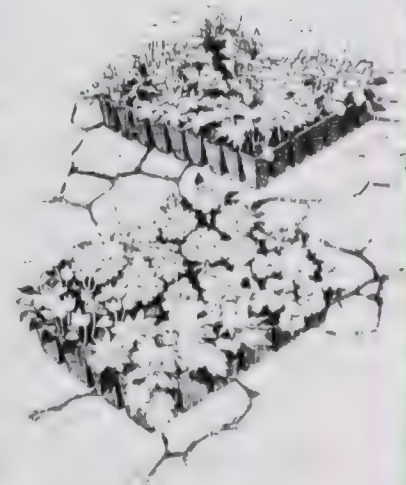

- Coming soon to you from...

Going forwards backwards is government logo

(from page 5)

This is the party whose leader, in 1984, assured the country in his rolling sonorous baritone "it affects Canadian sovereignty and we will have none of it, not during leadership campaigns or at any other time."

Mister Mulroney was talking about Free Trade.

On gaining power the Tories did a 180 and rammed the Free Trade Agreement through, without benefit of a national vote. Don't worry, the PM soothed the nation, a special commission will see to it that anyone who loses a job because of Free Trade will be compensated.

Last month, a further 'clarification': no compensation. You lose your job as a result of Free Trade, tough bananas.

Then of course there was that other famous election promise made by Mister Mulroney. He got a lot of campaign mileage out of the issue. He hammered the Liberals for the way they'd mishandled it. He

promised that when elected, the Tories would clean it up and make it work the way it was supposed to.

Remember how the Tories were going to save Via Rail?

As I write this, that poor old swaybacked Clydesdale of a corporation Via is being trotted out to the auction block one more time. The bottom line boys from Bytown are considering just two options really: whether to send Via directly to the knackers yard or to hack yet another rump roast out of her and see if she can still walk.

Doesn't really matter which option they choose, they both amount to the same thing. I ride that old girl to work and back every week. Via's already got three bad legs and the dry heaves. One solid budget cut and she won't get up again.

Progressive Conservatives. Curious name for a curious group. Pierre Berton once said the name seems to mean "go forward, backward". That fits the party's position on passenger rail service alright. While the U.S., Japan, Europe, Australia—even Brazil, for crying

out loud—are exploring and implementing high speed passenger trains as a response to clogged airports and overburdened road systems, Canada is putting her passenger trains to sleep.

Going forward backward.

The irony is, I don't think the government's even in charge. They're just errand boys for the corporate barons who would dearly love to unload their passenger rail responsibilities. After all, it's not CPR and CNR any more. It's just CN and CP. The 'R' has disappeared as the companies have diversified into more lucrative fields—telecommunications, real estate, Third World investments. Look around you. While the Tories obediently fix a hemlock highball for Via, the railway itself is quietly tearing up tracks, pulling down bridges and selling off railway rights of way across the land.

The rail barons are reneging on a Confederation promise and dismantling the central nervous system of the nation. Our government is holding their coats.

To their mutual everlasting shame.

Corporation of the Townships of ANSON, HINDON & MINDEN

NOTICE

(File #RA-88-15)

IN THE MATTER OF the Municipal Act; and IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to the adjoining landowners portions of the original allowance for road along the shore of Kashagawigamog Lake, lying in front of Lot 28, Concession 7, in the Township of Minden.

NOTICE IS HEREBY GIVEN pursuant to Section 301(1)(a) of the Municipal Act, R.S.O. 1980, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden proposes to consider and, if deemed advisable to pass at its regular meeting to be held in the Municipal Council Chambers on Milne Street, Minden, Ontario, on Thursday, April 27th, 1989, at the hour of 7:30 p.m., a By-law to stop up, close and convey those parcels of land more particularly described as follows: -

Part of the original allowance for road along the shore of Kashagawigamog Lake in front of Lot 28, Concession 7, in the Township of Minden, in the County of Haliburton, designated as Part 1 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton as Number 19R-4159.

The plan of survey is available for inspection in the Municipal Office, Minden, Ontario, during regular office hours.

AND FURTHER TAKE NOTICE that before passing the said By-law at the meeting to be held at the time and place above-mentioned, the Council shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Minden this 23rd day of March, 1989.

Throne Speech outlines challenges

by Bill Scott, M.P.

Four and one-half years ago in our government's first Speech from the Throne we set down a plan for Canada. On November 21, 1988, the Canadian people, when asked if this plan had been good for Canadians, responded with their votes. We received an overwhelming mandate to continue in the direction we began in 1984.

Quoting from the Speech from the Throne of April 3, 1989, "My government's priorities are firm and its determination to pursue

the plan started four years ago is unflinching. My government's task is to be ready for the challenges ahead as Canadians move toward a new century".

To accomplish this task we will be guided by four fundamental objectives:

First, to build a strong economy, encouraged by incentive and opportunity, an economy fully competitive among the world's trading nations and one in which all Canadians may share its challenges, risk and rewards;

Second, to preserve Canada's environment, to

actively encourage increased public interest and involvement, and to give firm leadership and support to international efforts to overcome the environmental threat to our planet;

Third, to maintain a caring, compassionate society which will be able, through continuing economic prosperity, to meet its obligations and responsibilities to those who are less fortunate and in greatest need; and

Fourth, to foster a confident sense of Canada's cultural and national uniqueness in which Can-

adians may have a greater sense of their common values and common citizenship.

As was the case in our last mandate, our goals will not be met without the kind of challenges mentioned in the speech. As in the last four years, if we face these head on we will bring about tremendous opportunities for Canadians. It is my belief that we can have an even stronger economy which creates jobs, builds our national pride and still protects our environment and our less privileged citizens.

TOWNSHIP OF STANHOPE NOTICE

The Township of Stanhope has funds available the Ontario Home Renewal Program, a program designed to assist homeowners in repairing their homes with particular emphasis on faulty structural and sanitary conditions, the upgrading of plumbing, heating and electrical systems and the provision of adequate insulation. Age of residence must be 10 years or older to be eligible.

Low interest loans to a maximum of \$7,500.00 are available to qualifying homeowners. If your adjusted family income is \$21,000.00 per year or less, you may qualify for the program. For further details, please contact the Stanhope Municipal Office at 489-2379 or 489-2342.

W. James Moore, Administrator
Ontario Home Renewal Program
Township of Stanhope.

IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to the adjoining landowners portions of the original allowance for road along the shore of Soyers Lake, lying in front of Lot 30, Concession 7, in the Township of Minden.

NOTICE IS HEREBY GIVEN pursuant to Section 301(1)(a) of the Municipal Act, R.S.O. 1980, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden proposes to consider and, if deemed advisable to pass at its regular meeting to be held in the Municipal Council Chambers on Milne Street, Minden, Ontario, on Thursday, April 27th, 1989, at the hour of 7:30 p.m., a By-law to stop up, close and convey those parcels of land more particularly described as follows: -

Part of the original allowance for road along the shore of Soyers Lake in front of Lot 30, Concession 7, in the Township of Minden, in the County of Haliburton, designated as Parts 1 and 2 on a Preliminary Plan of Survey by Dearden, Stanton, Stones and Strongman Ltd., Ontario Land Surveyors, dated June 2, 1988.

The plan of survey is available for inspection in the Municipal Office, Minden, Ontario, during regular office hours.

AND FURTHER TAKE NOTICE that before passing the said By-law at the meeting to be held at the time and place above-mentioned, the Council shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Minden this 23rd day of March, 1989.

Sight is the most important of the senses

Editor:

After 42 years as a journalist - and more as a reader for pleasure - I have no doubt which is the most important sense to me: sight.

Without it, I could never

Tin cans should be squished

Editor:

On a recent trip to the Scotch Line dump just north of Minden, I noticed that the recycling bin for tin cans was filled to overflowing because many contributors forgot to flatten the cans. Remember that it costs money to have the bins hauled away so the more cans we can pack into one shipment, the greater the savings in public dollars. This is how I deal with tin cans, you may find it helpful: Emptied cans find themselves in the same corner of the kitchen as the dirty dishes. I rinse them, remove the paper labels and cut out the tops and bottoms as part of my clean-up routine. Tops and bottoms of tins are collected in a large can under the kitchen sink. Some cans get stepped on and flattened immediately (if I happen to be wearing shoes at the time) otherwise they're squished as part of the ritual preceding a trip to the dump.

Joy Johnson,
Carnarvon.

have read thousands of wonderful books, seen the great films of the past half century or the great plays and operas of several centuries.

And as a travel columnist, who has been in more than 100 countries, I could not have been perpetually amazed at the scenic variety of this universe without sight.

That is why I support Operation Eyesight Universal. For anything that can be done to help sightless persons provides them with the first step to the wonders we, the sighted ones, so

much enjoy.

I suppose I particularly consider the benefits of sight at Easter because it occurs at a time of year when there is beginning to be so much more to see. One small example: we have crocuses planted in a protected place outside our kitchen window. My wife always records the date of the first bloom. The earliest has been March 9, but they have always bloomed by Easter.

A donation or a few spare hours of work or a contribution of unused eyeglasses will help someone

else see the flowers growing in their gardens.

Operation Eyesight Universal's address is P.O.

Box 123, Stn. "M", Calgary, Alberta T2P 2H6. It only takes \$25 to restore a blind person to sight in a develop-

ing country.

MINDEN HOME HARDWARE & BUILDING SUPPLIES UPDATE

Construction at our new store is proceeding on schedule. Barring any major setback in the progress of this work, we plan to open the new store JUNE 1.

During the transfer to the new store, the present store will close, following the May 24 weekend to facilitate the move. When the new store opens, there will, of course, be specials, however, the grand opening sale will not be held until August.

We appreciate your interest in the progress of the new store and will keep you up to date on our progress.

Members share a special bond

When I volunteered to do this month's column, I was going to outline the aims of the Kinette Club. The more I thought about it the more I felt I should give you a personal view of the Kinette Club.

First the people. Each Kinette is her own individual self. We range in age from 23 to 60, but have a special bond despite our

for your service

age and backgrounds. With having his bond, it gives us an opportunity to share our talents with the community in many ways. Whether

they are big or small, such as the Ride for Sight and the cards to the seniors.

In my own experiences the last few months, not

only were they there for the birth of my son, but also for the loss of my father. Having this bond of friendship and caring made these times easier.

Hopefully, those who have read this short comment about the Kinette Club will want to share their talents with the community through the Kinette Club of Minden.

TOWNSHIP OF STANHOPE

NOTICE

1989 DOG LICENCES

All dogs are required by law to be tagged. The fee for each licence/tag is \$5.00 for a male or spayed female and \$10.00 for a female. These licence/tags are now available at the Stanhope Municipal Office.

Any person found owning or harbouring an unlicensed dog after April 30, 1989 is liable to a fine of \$50.00 exclusive of costs.

CORPORATION OF THE TOWNSHIP OF STANHOPE PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope, proposes to enact a by-law to stop-up and close and convey to the abutting property owner that part of the original allowances for road set out and described as follows:

FIRSTLY: All and Singular that certain parcel or tract of land and premises, situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of the original sixty-six foot shore road allowance along the shore of Kushog Lake, lying in front of part Lot 1 Concession XII and that part of Lot 1 Concession XII designated as road allowance on Crown Land Survey attached to Instrument Number 18736 and being more particularly described as Parts 2 and 3 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 4323.

THE PROPOSED BY-LAW will come before the said council for consideration at its regular meeting at the Municipal Office in the Township of Stanhope on the 10th day of May, 1989 at the hour of 11:30 a.m., and at that time, the Council will hear in person or by his/her counsel, solicitor or agent any person who claims that his land will be prejudicially affected and who applied to be heard.

DATED April 4, 1989.

KEEPING CENTRAL ONTARIO INFORMED

Sarah Group UCW serve Thursday afternoon tea

Hello Senior League Readers: Do you think spring is just around the corner? This week a seminar was held Thursday and Friday in the Auditorium, so we had fun and fitness in the main lounge.

The Sarah Group Ladies of the U.C.W. brought our Thursday Tea. It was delicious and enjoyed by a large number of residents. We appreciate it very much. Following our tea party we held our Resident's Council Meeting at which we elected Ada Lewis for our Treasurer

as the previous one resigned.

In the evening Jim Carrell and Steve Crowe of the Kinsmen Club came to call bingo. Everyone won, but some had more bingos than others.

Friday morning a movie was shown in the main

lounge since Linda and Doris were attending the seminar.

1 - 2 o'clock Mrs. Coleman had bible study for us. She explained Luke 10. Then Linda and Doris took us for a short drive in the bus to Carnarvon, the

foot of Maple Lake, over to Highway 35 and home. Of course we stopped at Kawartha Dairy for ice cream cones.

Saturday afternoon we had a short period of bingo in the main lounge.

Ada Lewis had a surprise

visit from a cousin from Fenelon Falls and three cousins from Kingston. Mrs. Barron came Sunday night to play the organ for our Chapel service, but she became ill. We sincerely

"WHERE THE ACTION IS"

INVITATION TO PARTICIPATE RESOURCE MANAGEMENT PLAN VICTORIA COUNTY AGREEMENT FOREST

The Minden District of the Ministry of Natural Resources is about to initiate a Resource Management Plan for the Victoria County Agreement Forest which is comprised of tracts in Somerville, Laxton, Emily and Manvers Townships, (see map below).

The plan will be prepared in accord with the concepts of Integrated Resource Management (IRM) which is defined as "the coordination of resource management programs and activities so that long-term benefits are optimized and conflicts between programs are minimized."

The management plan will, for example, identify all potential areas of timber harvest, renewal and maintenance for the twenty year period from 1990 to 2010, and specific areas for harvest, renewal and maintenance for the first five year operating period. At the end of each five year operating period, a new updated plan will be prepared for the next twenty year period. The plan will also address other resources such as wildlife, fisheries, their management, and resource uses such as recreation. Planned road locations (if applicable) will be described, as will any identified concerns to other users of the forest.

One major objective of this planning process is to translate objectives and targets from higher order plans (e.g. District Land Use Guidelines) to "on the ground" actions, providing detailed direction about how related objectives and targets are to be achieved.

You are invited to participate in the preparation of this plan by submitting your comments either verbally or in writing, to the District Manager, Ministry of Natural Resources, Minden, Ontario KOM 2K0, (705) 286-1521, by May 17, 1989. Please identify areas which you feel contain values that may be affected by resource management operations, specific issues or concerns which you feel should be addressed, or any background information you may have on the planning area.

Public comments will be sought at the following additional stages in the preparation of the resource management plan:

- | | |
|--|--|
| 1. Information Centre - Victoria Room, County of Victoria Building, 26 Francis Street, Lindsay, Ontario (Review of alternatives and preliminary management proposals). | Dates
June 20, 1989
6:30 p.m. to 9:00 p.m. |
| 2. Public Review of the Draft Plan. | Jan. 2 - Feb. 2, 1990 |
| 3. Public Inspection of the Approved Plan. | March 26 - April 30, 1990 |

Note: Dates shown above are subject to change. Please contact the District at Minden for further information.

Great entertainment at Staansworth

An Easter message to everyone.

"As the earth awakes at Easter,
A new life and hope are born
May you know all the peace and joy
Of that first Easter morn"
(And share it).

Our March meeting took care of the usual items including a potluck supper on March 22 and also a bake sale is planned for May 20. Soup and sandwiches were served after the meeting as was a lovely birthday cake to celebrate our administrator Corrine's birthday.

A presentation was made by Maurice Boyd of the Lions Club to our resident's club for the many Christmas cakes and Easter bunnies sold for the Lions by Jean Marsh. Holly C., our president, kindly accepted the plaque (which hangs in our lobby). We appreciated it and congratulate the Lions Club on the worthy projects they assume to help their community.

Our potluck supper was indeed a success; colourful with jellied salads, hot potato salad and meat, finished off with delicious lemon pies. Following this tasty meal we were entertained by Garth and Joe. This is the way they wished to be introduced by Margaret H. We did enjoy

their music so much as Joe sang many songs familiar to us. Garth accompanied on the accodian as Joe sang with his guitar. In a few well-chosen words Bill

Donnelly thanked the boys for this enjoyable evening of music. Trust we shall hear you again soon.

Some of our folks took

part in the Winter Games at Deer Lodge and report a really good time. They also brought back a report saying that Lilian

(more on page 32)

Everyone liked Monday's exciting movie selection

(from page 30)

hope she is feeling better. Mr. Burgess conducted our service.

Monday night movies were "Peter and the Potter", "Wilderness Treasure" and "Mountain of Dreams".

They were very good and those who were there enjoyed them.

Pastor Fast conducted the Chapel Service Tuesday. He accompanies the singing with his guitar.

April the 8th, Ada Turrall had her grandson Allen and his wife Donna from Newmarket, and three children Alanna 15 years, Drew 12 years and Errin 10 years to visit her and took her out for lunch. April 3rd was her 87th birthday, but Allen had to work that day, so they came on the 8th. It was a happy surprise for Ada and made her very happy. Tuesday my grandson Kevin and his girlfriend Claudia (from Germany) came to see me for a while. A gentleman from Halls Lake came Tuesday to see Ruby Lewis. He brought

her a painting, he had done of her home at West Guilford. She is very pleased to have it.

Wednesday night Earl and Kathy came and played the piano and violin. The Residents enjoyed them very much. Then the

Masonic Choir led by Bill Gliddon came and sang. They were so good. We enjoyed and appreciated them coming when the weather was not the best. Thank you all and we are looking forward to your next visit.

Did You Know?

(from page 23)

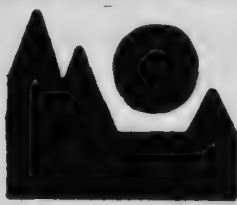

home for a period of five years, up to \$5,000.00 could be forgivable. Loans are based on current interest rates and can be paid over a period of 20 years.

If you have or intend to have a disabled person in your home, financial assistance may be available to improve accessibility and livability in the home.

For further information regarding the RRAP pro-

gram or if you have a question you would like answered, contact the Haliburton County Information Centre located in the Drag River Municipal Building, Haliburton. The centre is open Monday to Friday from 10 a.m. to 4 p.m. or call 457-2733.

For residents of the Minden area, the centre in the Municipal Building is open every Tuesday from 10 a.m. to 4 p.m. or call 286-4100.

Strong results at Games

(from page 31)

Davidson won a certificate for most lone hands in Euchre. Eleanor Pye had high score for ladies' euchre and Jean Marsh won all the Deer races. Besides being very proud of their accomplishments they have many compliments to pass on to those in charge of these games and also for the delicious dinner provided by Deer Lodge as well as the cordial and kind attention paid to all taking part by Deer Lodge staff. (Staanworth is proud of you too.)

The nature of a human being is like a finely cut diamond - it reflects a multitude of colour flashes as the light of other personalities is played upon it.

Fern D., Eleanor Pye, Melissa H., Jean M and Marg H., enjoyed the St. Patrick's card party held at Hyland Crest recently. Many thanks to the Auxiliary Ladies for the lovely lunch and the fellowship of the folks residing there as well the dainty gifts given to those who took part in the evening card party.

World Day of Prayer was held at Hyland Crest. Fern D., Eleanor and Marg H. attended from Staunworth. Mr. Ferguson spoke on the subject "Lord teach us to pray" leaving the thought that "prayer is not meant only to get something from God but it is knowing our need of God. Toos Reid and her group of musicians from Our Lady of Fatima Catholic Church supplied beautiful music on her guitar. Lunch was served by the church's ladies.

Many of our residents gathered in the lounge to wish Good Health to Florence Lindsay as she leaves with her daughter Sharon for the Pickering-Ajax hospital. Jean M presented Florence with a lovely lounge robe set on our behalf. Coffee and cake were enjoyed by all with Florence. The goodies were prepared by Jean and Melissa.

Eleanor Ferris has returned from an enjoyable but short visit with her son and daughter-in-law in Las Vegas. Shortly after arriving home she developed the 'flu but is improving nicely.

We are very sorry that

Ivy Angliss had to be taken back to Ross Memorial Hospital. We all wish you a speedy recovery Ivy. We miss you.

Janet Perry has returned from Sunnybrook hospital where she was informed that she will not be undergoing an operation. We wish you a speedy recovery Jan.

Siiri M and Lillian D are busy quilting a baby quilt for our bazaar. Watch for it folks!

Welcome back Shirley Vank. Shirley spent much time this winter with her sick sister in Tillsonburg.

Welcome home to Jean and Harry Cowan after their enjoyable stay in the sunny south. Jean tells me they had very good health but were glad to be home

again. We always enjoy Jean's homemade Easter eggs - her specialty.

Our euchre games are truly enjoyable. For March 3: most lone hands Henry H., high score Fern D., low score Jean M.

March 10: most lone hands, Henry H., high score Fern D., low score Mel F.

March 17: most lone hands, Bill D., high score Jean M., low score Mel F.

March 24: most lone hands Doris F., high score Lillian D., low score Marg H.

March 31: most lone hands, Doris F., high score Lillian D., low score Bill D.

Thought for the day: Try to find some activities you can share with others and others you can best enjoy alone.

See you later!

CARD OF THANKS

I would like to thank my family and friends for their visits, calls, flowers, gifts and prayers during my stay in hospital and afterward at home. A special thanks to Fern Donnelly.

Luella Yearwood

We would like to thank Dan, Ron, Dan, Ivan, Donny, Don, Dad and Bing for coming out to cut and split our wood. It was very much appreciated. Thanks again.

Bill, Cindy, Matt
and Corinne

AT REST

WRIGHT
Sharon Lyn

Suddenly at her home in Minden on Tuesday, April 11, 1989. Sherry, beloved wife of Herb Reimer and loving mother to Dianne Bruyns of Aurora and David John of Nobleton. Grandmother to 3 grandchildren. Survived by her brother John Anthony and Barbara O'Reilly both of Minden. Friends called at the Thompson Funeral Home, 29 Victoria Street, Aurora on Thursday, April 13. Service was held in the chapel on Friday, April 14 at 1:30 p.m. Interment Aurora Cemetery.
